FORT WILLIAM,  
FINANCIAL DEPARTMENT, THE 27TH OCT. 1834.

NOTICE is hereby given, that from and after the 15th November next the Board of Trade has been empowered and directed to receive Tenders for advances to be made on Goods and Merchandise consigned to England, covered by Bills of Exchange, to be drawn payable to the Hon'ble Court of Directors of the East India Company in London, under the conditions and in the forms following:—

1st.—The parties to whom advances may be made shall agree, that the respective Consignments shall be delivered into the Warehouses of the East India Company, or into such other Warehouses as the Court of Directors may appoint, and that they shall be subject to the management of the Court of Directors, so long as the Court shall continue to manage the Goods of individuals.

2d.—Upon each Consignment, the value of which is to be ascertained by the Officers of Government, an advance of 2-3ds of such ascertained value will be made.

3d.—For repayment of the advance, Bills of Exchange are to be drawn in triplicate, at six months sight, at the rate of 2s. 2d. per Calcutta Sicca Rupee.

4th.—The parties will be required to place in the hands of the Board of Trade Bills of Lading of the Consignment and Policies of Insurance effected thereon both in triplicate. The Bills of Lading must be drawn, deliverable to the East India Company, or indorsed to order of the East India Company. The Policies of Insurance must be effected in the name and on behalf of the East India Company as the parties interested.

5th.—In case of default being made, either in acceptance, or payment of the Bills, the Court of Directors are to be authorized in the mode subsequently stated to sell the Goods for the purpose of repaying the Company the amount of the advances made thereon, together with the interest, should any have accrued; the Company, on the other hand, allowing discount when any part of the proceeds shall be realized before the Bills fall due.

6th.—An Agent in England shall be appointed for each Consignment, to whom the Court of Directors shall be empowered to make over the Goods subject to all the conditions agreed upon with the Company, on payment of the Bills, and with whom they shall be authorized to transact generally all business relating to such Goods. The Consignor shall be at liberty to make provision in case of the

party, upon whom the Bill is drawn, (being also the Agent) having failed to accept the Bill, for the substitution of another Agent, or in such case, should the Consignor prefer it, the Agency may be wholly withdrawn, and the settlement of either surplus or deficiency be made with the Consignor himself by the Government from whom he received the advance, at the rates of Exchange, at which the Company may at the time be drawing Bills upon India.

7th.—After the arrival of the Goods in England and when they shall have been placed in such deposit as may have been agreed upon, the Agent may be put into possession of them before the Bills become due, upon the amount of such Bills (less discount) being paid, together with any charges which may be due to the Company thereon.

8th.—The rate of Discount to be allowed by the Company shall not be less than £3 per Cent. per Annum.

9th.—Parties receiving advances are to address in each instance a Letter in quadruplicate to the Court of Directors, according to a form which will be furnished by the Board of Trade, signifying their assent to all the foregoing Conditions, but more particularly for the purpose of expressly authorizing the Sale of the Goods, by the Company (without either notice to or concurrence of any person whomsoever) at any period, after default shall be made either in acceptance or payment of the Bills, also authorizing in such cases the repaying to the Company, the advances made either principal or interest, appointing the Agent in England, for each transaction, and signifying the wishes of the parties in the contingency referred to in the Sixth Article.

10th.—Upon the acceptance of any tender of Goods in Security for advances to be made on the above terms, the Goods will be valued by the Export Warehouse-keeper, and for the sum that may be settled as to be advanced thereon, the Board will grant an Order on the General Treasury, payable at 60 days sight.

11th.—The total sum to be advanced on Bills in the present season being limited in amount, the Board of Trade will use their discretion in giving a preference to tenders secured on Goods of a more valuable description, such as Silk and Indigo.

## FORT WILLIAM.

FINANCIAL DEPARTMENT, THE 27TH OCT. 1834.

NOTICE is hereby given, that from and after the 15th November next, the Board of Trade has been empowered and directed to receive Tenders for advances to be made on Goods and Merchandise consigned to England, covered by Bills of Exchange, to be drawn, payable to the Hon'ble Court of Directors of the East India Company in London, under the conditions and in the forms following:—

1st.—The parties to whom advances may be made shall agree, that the respective Consignments shall be delivered into the Warehouses of the East India Company, or into such other Warehouses as the Court of Directors may appoint, and that they shall be subject to the management of the Court of Directors, so long as the Court shall continue to manage the Goods of individuals.

2d.—Upon each Consignment, the value of which is to be ascertained by the Officers of Government, an advance of 2-3ds of such ascertained value will be made.

3d.—For repayment of the advance, Bills of Exchange are to be drawn in triplicate, at six months sight, at the rate of 2s. 2d. per Calcutta Sicca Rupee.

4th.—The parties will be required to place in the hands of the Board of Trade Bills of Lading of the Consignment and Policies of Insurance effected thereon both in triplicate. The Bills of Lading must be drawn, deliverable to the East India Company, or indorsed in order of the East India Company. The Policies of Insurance must be effected in the name and on behalf of the East India Company as the parties interested.

5th.—In case of default being made, either in acceptance, or payment of the Bills, the Court of Directors are to be authorized in the mode subsequently stated to sell the Goods for the purpose of repaying the Company the amount of the advances made thereon, together with the interest, should any have accrued; the Company, on the other hand, allowing discount when any part of the proceeds shall be realized before the Bills fall due.

6th.—An Agent in England shall be appointed for each Consignment, to whom the Court of Directors shall be empowered to make over the Goods subject to all the conditions agreed upon with the Company, on payment of the Bills, and with whom they shall be authorized to transact generally all business relating to such Goods. The Consignor shall be at liberty to make provision in case of the party, upon whom the Bill is drawn, (being also the Agent) having failed to accept the Bill, for the substitution of another Agent, or in such case, should the Consignor prefer it, the Agency may be wholly withdrawn, and the settlement of other surplus or deficiency be made with the Consignor himself by

the Government from whom he received the advance, at the rates of Exchange, at which the Company may at the time be drawing Bills upon India.

7th.—After the arrival of the Goods in England and when they shall have been placed in such deposit as may have been agreed upon, the Agent may be put into possession of them before the Bills become due, upon the amount of such Bills (less discount) being paid, together with any charges which may be due to the Company thereon.

8th.—The rate of Discount to be allowed by the Company shall not be less than £3 per Cent. per Annum.

9th.—Parties receiving advances are to address in each instance a Letter in quadruplicate to the Court of Directors, according to a form which will be furnished by the Board of Trade, signifying their assent to all the foregoing Conditions, but more particularly for the purpose of expressly authorizing the Sale of the Goods, by the Company (without either notice to or concurrence of any person whomsoever) at any period, after default shall be made either in acceptance or payment of the Bills, also authorizing in such cases the repaying to the Company, the advances made either principal or interest, appointing the Agent in England for each transaction, and signifying the wishes of the parties in the contingency referred to in the Sixth Article.

10th.—Upon the acceptance of any tender of Goods in Security for advances to be made on the above terms, the Goods will be valued by the Export Warehouse-keeper, and for the sum that may be settled as to be advanced thereon, the Board will grant an Order on the General Treasury, payable at 40 days sight.

11th.—The total sum to be advanced on Bills in the present season being limited in amount, the Board of Trade will use their discretion in giving a preference to tenders secured on Goods of a more valuable description, such as Silk and Indigo.

By Order of the Hon'ble the Vice President in Council,

H. T. PRINSEP, Secy. to the Govt.

**CUSTOM HOUSE NOTICES.**

**TO** protect from IMPOSITION such Persons as are strangers in Calcutta, and who employ Natives to transact Business for them at this Office, it is notified, that for every sum taken, as Government Customs or Duty, a receipted Bill is given under the signature of the Collector, or of his Deputy, or his Covenanted Assistant.

**CLEARANCES**, whether Inward or Outward, can be given only in Regular Tran, and it is for Commanders, or others on their part, to see that their Applications be duly noted with the date and hour of receipt by the Supervisors respectively. Applications for Outward Clearance (or Export Manifests) cannot be received, unless accompanied by Certificate of Inward Clearance, and it is required that such Applications be presented at least *Five complete days* previously to the date on which Port Clearance is desired, in order that time may be allowed for the adjustment of Export Cargoes; though it will be issued earlier if practicable.

**NO FEES** are taken for any AFFIDAVITS sworn in this Office on the subject of Custom House Business; nor are any FEES whatever allowed to be taken by any Persons belonging to this Establishment, whether sitting within the Office, or stationed out of doors.

Importers of **GUNPOWDER**, are requested to refer to the Notification, by order of the Board of Customs, dated the 18th, and published in the Government Gazette of 23d January 1823.

The Proprietors of **DOCK YARDS**, and the **PUBLIC** at large, are requested to take notice, that no Goods, nor Packages, are allowed to be IMPORTED, EXPORTED, RE-LANDED, RE-SHIPED, TRANSHIPED, or removed from VESSELS to SLOOPS or BOATS after Shipment, without due sanction from this Office;—whether the same be liable to, or exempt from, DUTY. Attention is directed to Clause Seventh, Section XLV. to Sections LXI. LXIV. LXXIV. LXXXII. LXXXIII. & LXXXIV. of Regulation IX. 1810; and to Section III. of Regulation III. of 1830;—also to Clauses IV. and V. of the Government Notification of 24th June 1822, for Conditions of certain exemptions.—[20th March 1830.]

**GOODS** for ONE VESSEL taken in ANOTHER.—Notice is hereby given, that if Goods passed through this Office for a specified Vessel, be taken, directly or indirectly, and put on board of any Vessel other than that for which the said Goods have been passed through the Forms of this Office, no Drawbacks, nor Certificates for other Presidencies, will be granted. And if such Goods be seized in illegal transit to, or when alongside of, a Vessel other than that for which they have been passed through this Office, they will be liable to eventual confiscation under Section III. Regulation III. of 1830.

**GOODS** which have been passed for a specified Vessel, cannot, for whatever reason, be taken on board that Vessel, and are fairly brought back to the Custom House for RE-LAND, and subsequent RE-EXPORT to the same Vessel, or to any other, or for regular Transshipment, every facility will, as usual, be afforded for such transactions.—[28th September 1832.]

**ROWANAHs** for **GOODS RE-LANDED**.—If Goods are Exported in full of Rowanahs then current; but are Re-landed, and not subsequently Re-exported until after the Rowanahs are time-expired, then such Goods are considered as Fresh Exports, are treated as if they had never been protected by Rowanahs, and Duty is taken if any be leviable on such Goods under the Regulations. But upon request made on the form of Re-land Applications, (not otherwise) parties will be furnished with Certificates giving particulars of Rowanahs, in order that they may be fully aware of the dates on which those Rowanahs will become time-expired; and such Certificates will have the force and validity of Warrants for any remaining period of the ex-

piry of the latter. If Exchange Rowanahs be required, they will be granted on application, with reference to the Provisions of Sections XXVI. and XXVII. of Regulation IX. of 1810. If Rowanahs shall have become time-expired between the date of Original Export and that of Re-land, then no such Certificates can be granted; and the Goods in question will, if brought for Re-exportation, be treated as Fresh Exports.

If Goods are Exported only in part, and not in full, of the quantities specified in Rowanahs, then those Rowanahs remain in the hands of the Parties concerned; and in the event, consequently, of such portion of Goods being Re-landed, no such Certificates as those above described will be issued.—[28th February 1833.]

**BEBER ROSS GHAT**.—Notice is hereby given, that for some years past, Beber Ross's Ghat has ceased to be a Tide Waiter's station, though an Officer is sent thither at a particular season of the year for purposes chiefly relating to certain Articles imported on board NATIVE VESSELS;—and that Parties who may desire to pass Goods at that Ghat will be required, in permission be granted, to pay for an Extra Tide Waiter, as a condition understood and implied in their Applications, upon the principle which is generally applicable to the passing of Goods elsewhere than at the Custom House.—[23d February 1833.]

**MAFFEE ROWANAHs**.—All Persons concerned are requested to take notice of the subjoined Orders, as published in the Government Gazette of April 1831, otherwise the delay and inconvenience which may be experienced will rest upon themselves.

Samples of the Goods must be produced at this Office, and the No. and Date of Sea Import Register must be stated if possible. But by Order of the Board of Customs, dated 11th April 1833, obtain Maffee Rowanahs for Goods of such sorts as are produced in this country, (and then are liable to Transit Duty) as well as Imported by Sea, either Sea Import No. and Date must be given, or whole Despatches must be produced for inspection at the Custom House;—otherwise Transit Duty will be charged.

All applications for MAFFEE ROWANAHs, must communicate the following particulars.—1st. The general or common name of each variety, or quality of Goods.—2d. The quantity and value of each description.—3d. The sort of packages in which the Goods are contained, with the marks or directions upon them.—4th. ## FORT WILLIAM,

FINANCIAL DEPARTMENT, THE 27TH OCT. 1834.

**NOTICE** is hereby given, that from and after the 15th November next, the Board of Trade has been empowered and directed to receive Tenders for advances to be made on Goods and Merchandise consigned to England, covered by Bills of Exchange, to be drawn, payable to the Hon'ble Court of Directors of the East India Company in London, under the conditions and in the forms following:—

1st.—The parties to whom advances may be made shall agree, that the respective Consignments shall be delivered into the Warehouses of the East India Company, or into such other Warehouses as the Court of Directors may appoint, and that they shall be subject to the management of the Court of Directors, so long as the Court shall continue to manage the Goods of individuals.

2d.—Upon each Consignment, the value of which is to be ascertained by the Officers of Government, an advance of 2-3ds of such ascertained value will be made.

3d.—For repayment of the advance, Bills of Exchange are to be drawn in triplicate, at six months sight, at the rate of 2s. 2d. per Calcutta Sicca Rupee.

4th.—The parties will be required to place in the hands of the Board of Trade Bills of Lading of the Consignment and Policies of Insurance effected thereon both in triplicate. The Bills of Lading must be drawn, deliverable to the East India Company, or indorsed to order of the East India Company. The Policies of Insurance must be effected in the name and on behalf of the East India Company as the parties interested.

5th.—In case of default being made, either in acceptance, or payment of the Bills, the Court of Directors are to be authorized in the mode subsequently stated to sell the Goods for the purpose of repaying the Company the amount of the advances made thereon, together with the interest, should any have accrued; the Company, on the other hand, allowing discount when any part of the proceeds shall be realized before the Bills fall due.

6th.—An Agent in England shall be appointed for each Consignment, to whom the Court of Directors shall be empowered to make over the Goods subject to all the conditions agreed upon with the Company, on payment of the Bills, and with whom they shall be authorized to transact generally all business relating to such Goods. The Consignor shall be at liberty to make provision in case of the

party, upon whom the Bill is drawn, (being also the Agent) having failed to accept the Bill, for the substitution of another Agent, or in such case, should the Consignor prefer it, the Agency may be wholly withdrawn, and the settlement of either surplus or deficiency be made with the Consignor himself by the Government from whom he received the advance, at the rates of Exchange, at which the Company may at the time be drawing Bills upon India.

7th.—After the arrival of the Goods in England and when they shall have been placed in such deposit as may have been agreed upon, the Agent may be put into possession of them before the Bills become due, upon the amount of such Bills (less discount) being paid, together with any charges which may be due to the Company thereon.

8th.—The rate of Discount to be allowed by the Company shall not be less than £3 per Cent. per Annum.

9th.—Parties receiving advances are to address in each instance a Letter in quadruplicate to the Court of Directors, according to a form which will be furnished by the Board of Trade, signifying their assent to all the foregoing Conditions, but more particularly for the purpose of expressly authorizing the Sale of the Goods, by the Company (without either notice to or concurrence of any person whomsoever) at any period, after default shall be made either in acceptance or payment of the Bills, also authorizing in such cases the repaying to the Company, the advances made either principal or interest, appointing the Agent in England for each transaction, and signifying the wishes of the parties in the contingency referred to in the Sixth Article.

10th.—Upon the acceptance of any tender of Goods in Security for advances to be made on the above terms, the Goods will be valued by the Export Warehouse-keeper, and for the sum that may be settled as to be advanced thereon, the Board will grant an Order on the General Treasury, payable at 40 days sight.

11th.—The total sum to be advanced on Bills in the present season being limited in amount, the Board of Trade will use their discretion in giving a preference to tenders secured on Goods of a more valuable description, such as Silk and Indigo.

The Honorable the Governor General of India in Council has been pleased to direct the publication of the following paper on the Trade of Cabul, in continuation of the Extracts already published under date the 16th November last.

*Extracts of Letters from Mr. Maizon to Captain Wade, dated the 18th of July, 1835.*

On the 10th of July a Kaffia arrived from Qandahar about 20 Yabbs, (ponies). They were laden with black pepper, anise, saffron, mace, and silk.

Up to this date, only the Kuroshi Lohani have ventured with their merchandize to Kabul. The Mir Khela, the most opulent, are shortly expected, as they will have heard that the Shikarpurians have returned to their Kotia, and Mulla Badaruddin has sent them many encouraging letters. It is ascertained that the Lohani have brought quite or nearly 2,500 loads of merchandize, of which 1,500 are of Indigo, besides which 600 loads of Indigo have been sent to Qandahar. In last year it is said not above 800 loads of Indigo arrived at Kabul. About 800 loads of Linens and Cottons are computed to be forthcoming, with 200 loads of Sugar, Drugs, and Sundries.

Accompanying is a Statement of the prices at which Sales of Indian and other Goods are now effected at Cabul.

A Price Current of Indian and other Goods at Kabul at the Kham (or Catcha) Rupee, valuing 14 annas Farrukhabadi.

1st.—The parties to whom advances may be made shall agree, that the respective Consignments shall be delivered into the Warehouses of the East India Company, or into such other Warehouses as the Court of Directors may appoint, and that they shall be subject to the management of the Court of Directors, so long as the Court shall continue to manage the Goods of individuals.

2d.—Upon each Consignment, the value of which is to be ascertained by the Officers of Government, an advance of 2-3ds of such ascertained value will be made.

3d.—For repayment of the advance, Bills of Exchange are to be drawn in triplicate, at six months sight, at the rate of 2s. 2d. per Calcutta Sicca Rupee.

4th.—The parties will be required to place in the hands of the Board of Trade Bills of Lading of the Consignment and Policies of Insurance effected thereon both in triplicate. 1st.—The parties to whom advances may be made shall agree, that the respective Consignments shall be delivered into the Warehouses of the East India Company, or into such other Warehouses as the Court of Directors may appoint, and that they shall be subject to the management of the Court of Directors, so long as the Court shall continue to manage the Goods of individuals.

3d.—For repayment of the advance, Bills of Exchange are to be drawn in triplicate, at six months sight, at the rate of 2s. 2d. per Calcutta Sicca Rupee.

**NOTICE** is hereby given, that Tenders will be received at this Office at or before Noon, on the 15th of March, 1836, for the delivery of Coal to the Government Steam Vessels, for a term of Three Years, at all or at any of the following places:

In every month throughout the year, <i>Bazar</i>	<i>Mauuds.</i>
At Rajmahal, about.....	1,000
At Colgong.....	500
At Munghyr, .....	700
At Dinapore, .....	1,000
In each month when the Bhagarutty is navigable by the Government Steam Boats,	
At Calna, .....	500
At Berhampore, .....	1,000
During each month when the Bhagarutty is not navigable by the Government Steam Boats,	
At Konka or Sainka Bazar,.....	500
At Commercolly, .....	1,000
At Bauleah .....	500

The above are perhaps the largest supplies that will be wanted at each Station, and it is probable that the stated quantities are greater than will really be required. The Government will therefore not be pledged to take more Coal than the boats may have occasion for, but the contracting parties may at all times, obtain the information necessary to guide them in their shipments, by application at this Office.

It may happen however, that from some emergent cause an excess on the specified quantities may be required, in which event four months notice being given, the contracting parties are to extend their supplies if required, 50 per cent. or one-half beyond the quantities already specified.

Should any unforeseen circumstance induce the Government to discontinue the contract, within the specified period of three years, they shall bear liberty to do so, giving six months notice to that effect, and taking over from the contracting parties all the Coal (not exceeding a six months supply, calculated upon the already specified quantities; or in the event of notice having been given to increase the supplies, then calculating on the increased quantities) that may at the expiration of the six months of notice remain in the boats or depots of the contracting parties at the same

prices as if the Coal had been actually delivered to the boats, the quantity so remaining to be determined by weight.

On notice being given of discontinuation of contract the Government will call upon the contracting parties to declare what quantity of Coal they have at that time actually in depot or in boats, or in the process of loading, and it shall be optional with Government to require that the contracting parties shall limit their supplies to any depot, to the quantity specified in such declaration to be in depot or under dispatch.

The contracting parties will be required to give approved security for the reimbursement of any sums that may be paid to them in advance, and to bind themselves and their surties in a penalty to be equal in amount to once and a half the value of the Coal they contract to supply, calculated on the prices at which their contract is taken, and on the before specified quantities. They will also be required to bind themselves in a penalty of 500 Rupees not to cause the detention of the boats for their supplies of Coal beyond a reasonable time, or one hour for each hundred maunds of Coal required.

The Coal will be received by weight in Bazar maunds, and will be paid for two-thirds in advance on the supply for twelve months, on the commencement of the Contract, and the adjustment will take place at expiration of each year, on production of certificate of receipt from the Commanders of the boat. The first payment in advance will be calculated on the specified quantities, the second which will be made at the time of the first year's adjustment will be made on that year's supply, and the third on the supply of the second year.

The Tenders are to specify the rate in Company's Rupees for 100 Bazar maunds at which the Coal will be supplied.

The parties whose Tenders may be accepted will be required to take over into their custody by weight all the Coal that may remain in depot at the station or stations for the supply of which they may severally contract, and to re-deliver on board the Steamers as it may be required the same quantity less 4 per cent. Government making an allowance of two annas per maund for every maund so re-delivered, and the contractors making good all deficiency beyond the 4 per cent. allowed for wastage.

The Tenders are to be sent in sealed on or before noon, on the 15th of March, to be superscribed "Tenders for the supply of Coal for Inland Navigation," and to be addressed to the Controller of Government Steam Vessels at this office.

**PORT WILLIAM,  
 GENERAL DEPARTMENT.  
 NOTICE.**

His Excellency the Governor of Batavia having been requested by the Honorable the Governor General in a despatch under date 5th August, 1835, to exert his influence in furthering the discovery of certain Persons, Passengers and Crew of the Ship *Charles Eaton*, supposed to have survived the wreck of that vessel in Torres' Straits, it appears by His Excellency's answer to the despatch above noted, that he had instituted enquiry for these unfortunate persons on private information, as far back as the month of July, 1835. On receipt of the communication from the Honorable the Governor General, (20th November 1835,) His Excellency directed the Governor of the Moluccas to despatch a small vessel to Timor-laut, Natabella, and the neighbouring Islands, in quest of the supposed survivors, and intimated his intention of detaching a Ship of War for their recovery, should the result of this enquiry lead him to conclude that these persons were detained by the Natives on any of the Islands in question.

On the 9th December, 1835, His Excellency the Governor of Batavia addressed a further communication to the Honorable the Governor General, informing him of the arrival at the Seat of his Government of five Seamen belonging to the *Charles Eaton*, who, after a residence of thirteen months on the Island of Timor-laut, were taken thence and brought to Amboyna by an Indian Coasting Bark. The depositions of the Seamen, forwarded with His Excellency's despatch, are given at length below. Their statement as to the position of the vessel when they left her is at variance with that afforded by respectable eye witnesses as to her present condition, it being known that she stands or lately stood "high and dry on the barrier reef in Torres' Straits with her Royal Yards across." His Excellency the Governor of Batavia states in remarking on this discrepancy, that it gives sufficient ground to encourage him in the hope that the residue of the Crew and Passengers of the *Charles Eaton* may still be discovered on some of those Islands of the Eastern Archipelago easily attainable to voyagers in an open boat from Torres' Straits. It has been therefore determined by His Excellency not to relax the efforts which he on the first vague intimation of the circumstances of the case so promptly and humanely caused to be made for the recovery of the surviving Crew of the *Charles Eaton*.

*Official Report of the Examinations of Richard Quin, William Grindall, James Wright and Laurens Constantyn, Seamen of the Charles Eaton, British Merchant Ship, wrecked in Torres' Straits.*

In pursuance of the instructions received to that effect from His Excellency the Governor General, for the time being, of Netherlands India, on this day, the 6th of December, in the Year of our Lord One Thousand Eight Hundred and Thirty-five.

Appeared before me, Daniel Francois Willem Pieterman, Barrister at Law and Resident of Batavia, assisted by Cornelis Heije, Post Captain in the Dutch Navy and Master Attendant, and Frederik Jacobus Stockman, sworn Translator for the English language in this residence, the several Seamen herein aftermentioned, who arrived at Batavia from Amboyna, on the 2d instant, in the Dutch brig *Patriot*, commanded by T. Clunies, and formerly belonged to the crew of the English bark *Charles Eaton*, Captain George Frederic Moore, which Vessel was wrecked in the Torres' Straits.

In the first place. Richard Quin, aged 30 years, born in the county of Wexford, in Ireland, Sailor of profession.

In the second place. William Grindall, aged 23 years, born at Whitehaven, in England, Sailor of profession.

In the third place. James Wright, born at Edinburgh, aged 20 years, Sailor of profession, and

In the fourth place. Laurens Constantyn, aged 25 years, born at Charlestown, in North America, Carpenter of profession. The third Mate and acting Boatswain, named George Piggot, was not in attendance, being confined in the Hospital through serious indisposition.

The above-mentioned appearants have been requested by me to give a circumstantial and true account, concerning the Shipwreck of the bark *Charles Eaton* above-mentioned, and particularly to relate all circumstances from the moment they left the wreck of the said Vessel, until their arrival at Amboyna, and the above-mentioned Richard Quin, as well for himself as for the other appearants and their presence, did declare, that they left the Downs

on the 25th day of December, in the Year of our Lord One Thousand Eight Hundred and Thirty-three, on board of the English bark *Charles Eaton*, commanded by Captain George Frederic Moore, the Cargo consisting in Calicoes and Lead, and belonging to the firm of Gladstone, Draxstone and Co. of London, Merchants, they being bound, via the Cape of Good Hope, to Sidney, in New South Wales.

That they left the port of Sidney on the 28th day of July, in the Year of our Lord One Thousand Eight Hundred and Thirty-four, and on the 15th day of August ensuing, at about ten o'clock in the forenoon it blowing a fresh full-sail breeze at the time the above-mentioned Vessel struck on a Reef, called the detached reef, and situated at the entrance of the Torres' Straits.

That during the preceding night the Captain, as a measure of prudence, had ordered the first Reef to be taken in the Topsails, in order not to enter the passage before day-break.

That the Ship struck on the Reef so violently, that both the Keel and Rudder were instantly knocked off and carried away, and the Captain declared the Vessel was totally lost, at the same time giving orders to get the Boats ready and furnished with provisions, in order to endeavour to save the Ship's Company and reach the Island of Timor.

On inquiry how many Boats the Vessel possessed at the time she was wrecked, they answered four, viz. the Long Boat, two Cutters and a Dandy.

On inquiry in which Boat the appearants had saved themselves, they answered in the largest of the two Cutters above-mentioned.

On inquiry how many persons did actually leave the wreck, they answered that only three men originally left the wreck, named William Grindall, Laurens Constantyn, and George Piggot above-mentioned, whilst the two remaining appearants Richard Quin and James Wright, only reached the Cutter the next morning, by swimming across the bar or reef, at the peril of their lives.

On enquiry in which boat the Captain and Passengers endeavoured to save themselves, they answered that the boat in which the appearants fled for refuge, was the only one that remained, the others having been knocked to pieces and lost by the Ship's falling on her side.

On being asked whether they had not been able to save any more of the unfortunate Passengers and Crew, they answered that such was quite impossible, as they could not pull up the boat against the strong current; and no individual among the Passengers or Crew would venture amidst the heavy breakers, to reach the boat by swimming. That they, in consequence are unable to say or state, what is become of the Captain, Passengers, and the rest of the Crew; they can only affirm, that at the time Richard Quin and James Wright left the Wreck, all the Passengers were alive on the fore-castle of the Vessel, with the exception of one Sailor named James Price, who was drowned by the smallest of the two cutters, swamping at the time she was lowered.

On enquiry after the names and number of the Passengers, who were on board at the time the Vessel was wrecked, they answered Captain D'Ayly, of the Bengal Artillery; his Wife, named Charlotte D'Ayly, with their two sons George and William; a Bengalee Woman-servant, (name unknown), and an English Gentleman, named Armstrong, aged about 25 years. The Ship's Crew consisted in 28 persons: as George Frederic Moore, Commander; Robert Clare, Chief Mate; Mairs, Second Mate; Ching and Perry, Midshipmen; Grant, Dokter; William Williams, Sailmaker; William Montgomery, Steward; John Berry, George Lawn, James Milar, Sam Moore, John Carr, Francis Hower, William Jeffries, Samuel Baylett, Charles Robertson, Francis Quail, Sailors; and John Sexton and John Ireland, Boys; besides the present appearants, the third Mate now confined by illness at the Hospital, and the man who was drowned as above-mentioned.

And the appearants further declared, that not seeing any possibility of saving any more of the Ship's Company, and not perceiving a single person in the morning of the next day on the wreck, they concluded, that these unhappy persons had been washed off the wreck by the increasing swell in the sea in the night, and all found a watery grave; that they took in sea on Sunday morning, the 17th of August ensuing, without being provided with compass or any other Nautical instruments. The whole of their provisions consisted in about 20 lbs. of hard bread, one ham, and a keg containing about four gallons of water, which had been immediately put in the boat before she was lowered.

That after driving about for about fifteen days on the ocean, steering by the sun and stars as westerly as possible, in order to reach Timor Coepang, they described the land which they took for the last mentioned island; they went ashore and provided themselves with some water and coconuts; but afterwards pursuing their course along the coast in the boat, they were attacked by a number of native prauws, and being worn out by fatigue without any arms to defend themselves, they were forced to surrender, the natives upset the boat and stripped the men of all their clothes; they afterwards were brought on shore, and at last the natives caused them to be taken to the

but through the intercession of two Chiefs, their lives were spared. They afterwards learnt, that they were on the island of Timor Laut, and more especially in the settlement called *Oliet*. The two Native Chiefs above-mentioned were named *Pabuk* and *Lumba*.

They moreover declared that they were consequently well treated and a part of their clothes were given back to them, without being compelled by the Natives to perform any labour; their sustenance consisted in Indian corn, yams, a little rice and some fish, but the quantities given them were so small that it was but just sufficient to keep them alive.

That during their abode on that island they learnt that in one of the neighbouring settlements, called *Lauren*, at that period at war with the one in which they lived, there was still another European, who belonged to a Brig (English), that was wrecked there some years ago, and whose Crew had been murdered by the Natives, with the exception of two Boys, one of whom had since died there, according to the statement of the Natives.

That after sojourning more than thirteen months with the said Natives, a trading *Pranau* from Amboina arrived, and the applicants required permission from the Chiefs to depart with that vessel, promising soon to come back in an English Ship with Arms and Ammunition, in order to assist them in defeating their enemies. To this the Chiefs consented, and in the said *Pranau* they arrived at Amboina on the 7th day of October last, having had five days passage.

And all the above-mentioned particulars, related by Richard Quin, were corroborated by the said William Grindall, James Wright, and Laurens Constantyn, who declared that all and every thing was agreeing with the truth, and they having signed these presents at my demand, did confirm the contents of the same by solemn Oath, in order to serve and avail as circumstances may require.

সন ১৮৩৬ সাল ২৫ ফেব্রুয়ারি—

**NOTICE** is hereby given, that Tenders will be received at this Office at or before Noon, on the 15th of March, 1836, for the delivery of Coal to the Government Steam Vessels, for a term of Three Years, at all or at any of the following places:

In every month throughout the year, Bazar Maunds.	
At Rajmahal, about.....	1,000
At Colgong.....	500
At Monghyr, .....	700
At Dinapore, .....	1,000

In each month when the Bhagaratty is navigable by the Government Steam Boats,

At Culna, .....	500
At Berhampore, .....	1,000

During each month when the Bhagaratty is not navigable by the Government Steam Boats,

At Koolna or Saiuka Bazar, .....	500
At Commercolly, .....	1,000
At Bauleah .....	500

The above are perhaps the largest supplies that will be wanted at each Station, and it is probable that the stated quantities are greater than will really be required. The Government will therefore not be pledged to take more Coal than the boats may have occasion for, but the contracting parties may at all times, obtain the information necessary to guide them in their shipments, by application at this Office.

It may happen however, that from some emergent cause an excess on the specified quantities may be required, in which event four months notice being given, the contracting parties are to extend their supplies if required, 50 per cent. or one-half beyond the quantities already specified.

Should any unforeseen circumstance induce the Government to discontinue the contract, within the specified period of three years, they shall be at liberty to do so, giving six months notice to that effect, and taking over from the contracting parties all the Coal (not exceeding a six months supply, calculated upon the already specified quantities; or in the event of notice having been given to increase the supplies, then calculating on the increased quantities) that may at the expiration of the six months of notice remain in the boats or depots of the contracting parties at the same prices as if the Coal had been actually delivered to the boats, the quantity so remaining to be determined by weight.

On notice being given of discontinuation of contract the Government will call upon the contracting parties to declare what quantity of Coal they have at that time actually in depot or in boats, or in the process of loading, and it shall be optional with Government to require that the contracting parties shall limit their supplies to any depot, to the quantity specified in such declaration to be in depot or under dispatch.

The contracting parties will be required to give approved security for the reimbursement of any sums that may be paid to them in advance, and to bind themselves and their sureties in a penalty to be equal in amount to 25 per cent. on the value of the whole quantity of the Coal they contract to supply, calculated on the prices which their contract is taken, and on the before specified quantities. They will also be required to bind themselves in a penalty of 500 Rupees not to cause the detention of the boats for their supplies of Coal beyond a reasonable time, or one hour for each hundred maunds of Coal required.

The Coal will be received by weight in Bazar maunds, and will be paid for two-thirds in advance on the supply for twelve months, on the commencement of the Contract, and the adjustment will take place at expiration of each year, on production of certificate of receipt from the Commanders of the boat. The first payment in advance will be calculated on the specified quantities, the second which will be made at the time of the first year's adjustment will be made on that year's supply, and the third on the supply of the second year.

The Tenders are to specify the rate in Company's Rupees for 100 Bazar maunds at which the Coal will be supplied.

The parties whose Tenders may be accepted will be required to take over into their custody by weight all the Coal that may remain in depot at the station or stations for the supply of which they may severally contract, and to re-deliver on board the Steamers as it may be required the same quantity less 4 per cent. Government making an allowance of two annas per maund for every maund so re-delivered, and the contractors making good all deficiency beyond the 4 per cent. allowed for wastage.

The Tenders are to be sent in sealed on or before noon, on the 15th of March, to be superscribed "Tenders for the

supply of Coal for Inland Navigation," and to be addressed to the Controller of Government Steam Vessels at this office.

By order of the Marine Board,

J. H. JOHNSTON,

Controller of Govt. Steam Vessels.

Marine Board Office, Feb. 18, 1836.

NOTICE is hereby given, that from and after the 15th November next, the Board of Trade has been empowered and directed to receive Tenders for advances to be made on Goods and Merchandise consigned to England, covered by Bills of Exchange, to be drawn, payable to the Hon'ble Court of Directors of the East India Company in London, under the conditions and in the forms following:—

1st.—The parties to whom advances may be made shall agree, that the respective Consignments shall be delivered into the Warehouses of the East India Company, or into such other Warehouses as the Court of Directors may appoint, and that they shall be subject to the management of the Court of Directors, so long as the Court shall continue to manage the Goods of individuals.

2d.—Upon each Consignment, the value of which is to be ascertained by the Officers of Government, an advance of 2-3ds of such ascertained value will be made.

3d.—For repayment of the advance, Bills of Exchange are to be drawn in triplicate, at six months sight, at the rate of 2s. 2d. per Calcutta Sicca Rupee.

4th.—The parties will be required to place in the hands of the Board of Trade Bills of Lading of the Consignment and Policies of Insurance effected thereon both in triplicate. The Bills of Lading must be drawn, deliverable to the East India Company, or indorsed to order of the East India Company. The Policies of Insurance must be effected in the name and on behalf of the East India Company as the parties interested.

5th.—In case of default being made, either in acceptance, or payment of the Bills, the Court of Directors are to be authorized to make subsequently stated to sell the Goods for the purpose of repaying the Company the amount of the advances made thereon, together with the interest, should any have accrued; the Company, on the other hand, allowing discount when any part of the proceeds shall be realized before the Bills fall due.

6th.—An Agent in England shall be appointed for each Consignment, to whom the Court of Directors shall be empowered to make over the Goods subject to all the conditions agreed upon with the Company, on payment of the Bills, and with whom they shall be authorized to transact generally all business relating to such Goods. The Consignor shall be at liberty to make provision in case of the

party, upon whom the Bill is drawn, (being also the Agent) having failed to accept the Bill, for the substitution of another Agent, or in such case, should the Consignor prefer it, the Agency may be wholly withdrawn, and the settlement of either surplus or deficiency be made with the Consignor himself by the Government from whom he received the advance, at the rates of Exchange, at which the Company may at the time be drawing Bills upon India.

7th.—After the arrival of the Goods in England and when they shall have been placed in such deposit as may have been agreed upon, the Agent may be put into possession of them before the Bills become due, upon the amount of such Bills (less discount) being paid, together with any charges which may be due to the Company thereon.

8th.—The rate of Discount to be allowed by the Company shall not be less than £3 per Cent. per Annum.

9th.—Parties receiving advances are to address in each instance a Letter in quadruplicate to the Court of Directors, according to a form which will be furnished by the Board of Trade, signifying their assent to the foregoing Conditions, but more particularly for the purpose of expressly authorizing the Sale of the Goods, by the Company (without either notice to or concurrence of any person whomsoever) at any period, after default shall be made either in acceptance or payment of the Bills, also authorizing in such cases the repaying to the Company, the advances made either principal or interest, appointing the Agent in England for each transaction, and signifying the wishes of the parties in the contingency referred to in the Sixth Article.

10th.—Upon the acceptance of any tender of Goods in Security for advances to be made on the above terms, the Goods will be valued by the Export Warehouse-keeper, and for the sum that may be settled as to be advanced thereon, the Board will grant an Order on the General Treasury, payable at 40 days sight.

11th.—The total sum to be advanced on Bills in the present season being limited in amount, the Board of Trade will use their discretion in giving a preference to tenders secured on Goods of a more valuable description, such as Silk and Indigo.

appeared that the aggregate amount of the Debts due by  
the Joint Estate of the said Insolvents, upon which the said  
Assignees compute they will be required to pay Dividends,  
is Sicea Rupees (২,৪০,০০,০০০) Two Crores and Forty Lacks  
or thereabouts, that a Dividend upon the said sum at the  
rate of (১) Three Sicea Rupees for every One Hundred Sicea  
Rupees will amount to the sum of Sicea Rupees (৭,২০,০০০)  
Seven Lacks and Twenty Thousand or thereabouts,  
and that the said Assignees are possessed of Funds and  
Indigo Acceptances belonging to the Estate of the said Insol-  
vents, available for the purpose of paying a further Dividend  
amounting together to the sum of Sicea Rupees (৪,০০,০০০)  
Eight Lacks or thereabouts, and that the sum of Sicea  
Rupees (৩৬,০০০) Thirty-six Thousand will become due to  
the said Assignees as their commission upon the said sum,  
which will make together the sum of Sicea Rupees  
(৭,২৬,০০০) Seven Lacks and Fifty-six Thousand, leaving a  
sum of Sicea Rupees (৪৪,০০০) Forty-four Thousand in the  
hands of the said Assignees for the purpose of carrying on  
the Indigo Factories and other purposes connected with the  
winding up of the Estate, and that the sum of Sicea  
Rupees (৭,২০,০০০) Seven Lacks and Twenty Thousand, will  
be sufficient to pay all the Claimants on the Estate of the  
said Insolvents, both resident within and without the limits  
of the Charter of the Honorable East India Company, the  
said further Dividend on their respective Claims; and  
praying that this Court will be pleased to direct that such  
further Dividend be declared. It was Ordered, that the  
said Assignees out of the said sum of Sicea Rupees  
(৪,০০,০০০) Eight Lacks, do forthwith pay a further Dividend  
of (১) Three Sicea Rupees in every One Hundred Sicea  
Rupees, upon the several Claims admitted in the Schedule  
and Additional Schedule of the said Insolvents, when and as  
soon as such Claims shall be respectively duly substantiated  
upon Affidavit filed in this Court to the satisfaction of the  
said Assignees; with liberty to the said Assignees to apply  
to the Court from time to time for directions respecting any  
of the said Claims, or any matters or things relating thereto;  
and it was expressly declared that no decision was made  
upon any of the said Claims, which relate to any Trust or  
to the Estate of any deceased person.

**NOTICE** is hereby given, that Tenders will be received  
at this Office at or before Noon, on the 15<sup>th</sup> of  
March, 1836, for the delivery of Coal to the Government  
Steam Vessels, for a term of Three Years, at all or at any  
of the following places:

In every month throughout the year, Bazar	Maunds.
At Rajmshah, about	1,000
At Calcutta,	500
At Monghyr,	500
At Dinapore,	1,000
In each month when the Bhagaratty is navigable by the Government Steam Boats,	
At Culna,	500
At Berhampore,	1,000
During each month when the Bhagaratty is not navigable by the Government Steam Boats,	
At Koolna or Sanka Bazar,	500
At Commercally,	1,000
At Baulah,	500

The above are perhaps the largest supplies that will be  
wanted at each Station, and it is probable that the stated  
quantities are greater than will really be required. The  
Government will therefore not be pledged to take more  
Coal than the boats may have occasion for, but the con-  
tracting parties may at all times, obtain the information  
necessary to guide them in their shipments, by application  
at this Office.

It may happen however, that from some emergent cause  
an excess on the specified quantities may be required, in  
which event four months notice being given, the contracting  
parties are to extend their supplies if required, 50 per cent.  
or one-half beyond the quantities already specified.

Should any unforeseen circumstance induce the Govern-  
ment to discontinue the contract, within the specified period  
of three years, they shall be at liberty to do so, giving six

months notice to that effect, and taking over from the con-  
tracting parties all the Coal (not exceeding a six months  
supply, calculated upon the already specified quantities; or  
in the event of notice having been given to increase the  
supplies, then calculating on the increased quantities) that  
may at the expiration of the six months of notice remain in  
the boats or depots of the contracting parties at the same  
prices as if the Coal had been actually delivered to the boats,  
the quantity so remaining to be determined by weight.

On notice being given of discontinuation of contract the  
Government will call upon the contracting parties to de-  
clare what quantity of Coal they have at that time actually  
in depot or in boats, or in the process of loading, and it  
shall be optional with Government to require that the  
contracting parties shall limit their supplies to any depot,  
to the quantity specified in such declaration to be in depot  
or under dispatch.

The contracting parties will be required to give approved  
security for the reimbursement of any sums that may be  
paid to them in advance, and to bind themselves and their  
sureties in a penalty to be equal in amount to 25 per cent.  
on the value of the whole quantity of the Coal they contract  
to supply, calculated on the prices at which their contract is  
taken, and on the before specified quantities. They will also  
be required to bind themselves in a penalty of 500 Rupees  
not to cause the detention of the boats for their supplies of  
Coal beyond a reasonable time, or one hour for each  
hundred maunds of Coal required.

The Coal will be received by weight in Bazar maunds, and  
will be paid for two-thirds in advance on the supply for twelve  
months, on the commencement of the Contract, and the  
adjustment will take place at expiration of each year, on  
production of certificate of receipt from the Commanders  
of the boat. The first payment in advance will be calcu-  
lated on the specified quantities, the second which will be  
made at the time of the first year's adjustment will be made  
on that year's supply, and the third on the supply of the  
second year.

The Tenders are to specify the rate in Company's Rupees  
for 100 Bazar maunds at which the Coal will be supplied.

The parties whose Tenders may be accepted will be re-  
quired to take over into their custody by weight all the  
Coal that may remain in depot at the station or stations  
for the supply of which they may severally contract, and  
to re-deliver on board the Steamers at it may be required  
the same quantity less 4 per cent. Government making an  
allowance of two annas per maund for every maund so  
re-delivered, and the contractors making good all deficiency  
beyond the 4 per cent. allowed for wastage.

The Tenders are to be sent in sealed on or before noon,  
on the 15<sup>th</sup> of March, to be super-scribed "Tenders for the  
supply of Coal for Inland Navigation," and to be addressed  
to the Controller of Government Steam Vessels at this office.

By order of the Marine Board,

J. M. JOHNSTON,

Controller of Govt. Steam Vessels.

## FORT WILLIAM,

FINANCIAL DEPARTMENT, the 27th Oct. 1834.

NOTICE is hereby given, that from and after the 15th November next, the Board of Trade has been empowered and directed to receive Tenders for advances to be made on Goods and Merchandise consigned to England, covered by Bills of Exchange, to be drawn, payable to the Hon'ble Court of Directors of the East India Company in London, under the conditions and in the forms following:—

1st.—The parties to whom advances may be made shall agree, that the respective Consignments shall be delivered into the Warehouses of the East India Company, or into such other Warehouses as the Court of Directors may appoint, and that they shall be subject to the management of the Court of Directors, so long as the Court shall continue to manage the Goods of individuals.

2d.—Upon each Consignment, the value of which is to be ascertained by the Officers of Government, an advance of 2-3ds of such ascertained value will be made.

3d.—For repayment of the advance, Bills of Exchange are to be drawn in triplicate, six months sight, at the rate of 2s. 2d. per Calcutta Sicca Rupee.

4th.—The parties will be required to place in the hands of the Board of Trade Bills of Lading of the Consignment and Policies of Insurance effected thereon both in triplicate. The Bills of Lading must be drawn, deliverable to the East India Company, or indorsed to order of the East India Company. The Policies of Insurance must be effected in the name and on behalf of the East India Company as the parties interested.

5th.—In case of default being made, either in acceptance, or payment of the Bills, the Court of Directors are to be authorized in the mode subsequently stated to sell the Goods for the purpose of repaying the Company the amount of the advances made thereon, together with the interest, should any have accrued; the Company, on the other hand, allowing discount when any part of the proceeds shall be realized before the Bills fall due.

6th.—An Agent in England shall be appointed for each Consignment, to whom the Court of Directors shall be empowered to make over the Goods subject to all the conditions agreed upon with the Company, on payment of the Bills, and with whom they shall be authorized to transact generally all business relating to such Goods. The Consigner shall be at liberty to make provision in case of the party, upon whom the Bill is drawn, (being also the Agent) having failed to accept the Bill, for the substitution of another Agent; with each case, should the Consigner prefer it, the Agency may be wholly withdrawn, and the settlement of either surplus or deficiency be made with the Consigner himself by

the Government from whom he received the advance, at the rates of Exchange, at which the Company may at the time be drawing Bills upon India.

7th.—After the arrival of the Goods in England and when they shall have been placed in such deposit as may have been agreed upon, the Agent may be put into possession of them before the Bills become due, upon the amount of such Bills (less discount) being paid, together with any charges which may be due to the Company thereon.

8th.—The rate of Discount to be allowed by the Company shall not be less than 3 per Cent. per Annum.

9th.—Parties receiving advances are to address in each instance a Letter in quadruplicate to the Court of Directors, according to a form which will be furnished by the Board of Trade, signifying their assent to all the foregoing Conditions, but more particularly for the purpose of expressly authorizing the Sale of the Goods, by the Company (without either notice to or concurrence of any person whomsoever) at any period, after default shall be made either in acceptance or payment of the Bills, also authorizing in such cases the repaying to the Company, the advances made either principal or interest, appointing the Agent in England, for each transaction, and signifying the wishes of the parties in the contingency referred to in the Sixth Article.

10th.—Upon the acceptance of any tender of Goods in Security for advances to be made on the above terms, the Goods will be valued by the Export Warehouse-keeper, and for the sum that may be settled as to be advanced thereon, the Board will grant an Order on the General Treasury, payable at 40 days sight.

11th.—The total sum to be advanced on Bills in the present season being limited in amount, the Board of Trade will use their discretion in giving a preference to tenders secured on Goods of a more valuable description, such as Silk and Indigo.

By Order of the Hon'ble the Vice President in Council,

H. T. PRINSEP, Secy. to the Govt.

Regulation VI. 1823, of the Bengal Code, for the delivery of Indigo Plant to one of the parties claiming the same, such party shall not be allowed to cut or remove the Indigo Plant until he shall have given sufficient security ■ the satisfaction of the Court trying the case, to make good any claim that shall be ultimately established to such Indigo Plant, whether arising from a prior right to the produce of the land, or from an arrear of rent due on account of the specific parcel of land from which the Plant may have been produced.

III. And it is hereby enacted, that when a lawful contract shall have been made between a Ryot and another party, by which contract the Ryot shall have bound himself to cultivate Indigo Plant for the other party, or to deliver Indigo Plant to the other party, and when the other party shall have advanced money to the Ryot for the purpose of enabling the Ryot to fulfil such contract, then if any other person, knowing that such contract exists, and that such advance has been made shall prevail upon the Ryot to break such contract, the party who made the advance, shall be entitled to proceed by civil action against the person who shall have so prevailed on the Ryot, as well as against the Ryot, and to recover from him or them, jointly or severally, damages to the extent of the injury sustained, together with costs of Suit.

Provided always, that nothing in this Section contained, shall be construed to give a right of action against any person in consequence of any act which that person may have done for the purpose of procuring payment of a debt or performance of a lawful contract.

IV. And it is hereby enacted, that the Court trying any Suit instituted under the provisions of Regulation VI. 1823, of the Bengal Code, or under the provisions of this Act, shall be authorized to examine both the Plaintiff and the Defendant whenever the Court shall deem such examination necessary to the ends of justice; and if the award be in favor of the Defendant, to assign to the Defendant a sum which may be a compensation to him for the expence and loss of time occasioned by the proceeding.

V. And it is hereby enacted, that it shall be competent to a Zillah or City Judge to refer to a Principal Sudder Ameen, or Sudder Ameen, according to the amount of their respective jurisdictions, any Suit whether regular or summary, which may be instituted under the provisions of Regulation VI. 1823, or under the provisions of this Act, to be enquired into and decided by the said Principal Sudder Ameen, or Sudder Ameen, in the same manner, and under the same rules, as such Suit may be enquired into and decided by a Zillah or City Judge, any thing in the existing Regulations to the contrary notwithstanding.

Ordered, that the Draft now read be published for general information.

N. B. Parties applying for the above Packages, will be pleased to send Invoices, or Bills, showing contents and value, and to depute persons to be present at the opening of them at this Office. The Collector has nothing to do with the business of Landing Packages from Ships, nor with forwarding them to their owners, or their destination.

The fact of Articles being destined for PRIVATE USE, and not for Sale, does not exempt them from payment of Duty, if they be of a kind which is chargeable with Duty under the Regulation.

## CUSTOMS.

**NOTICE** is hereby given, under Orders from Government and from the Board of Customs, dated the 2d and 9th Instant, respectively, that no Duplicate or Additional Copies of Documents issued from this Office can be granted, except upon payment of a Fee of Five Rupees for each, to be placed to Credit of the Government. But Duplicate or Additional Copies of Documents of which the originals (stated to have been lost or mislaid) might eventually be used to the prejudice of Revenue, here or elsewhere, will on no account be granted.

11th June, 1833.

G. J. SIDDON, Collector.

## CUSTOM HOUSE NOTICES.

**TO** protect from IMPOSITION such Persons as are strangers in Calcutta, and who employ Natives to transact Business for them at this Office, it is notified, that for every sum taken, as Government Customs or Duty, a receipted Bill is given under the signature of the Collector, or of his Deputy, or his Covenanted Assistant.

**CLEARANCES**, whether Inward or Outward, can be given only in REGULAR TURN, and it is for Commanders, or others on their part, to see that their Applications be duly noted with the date and hour of receipt by the Supervisors respectively. Applications for Outward Clearance (or Export Manifests) cannot be received, unless accompanied by Certificate of Inward Clearance, and it is required that such Applications be presented at least *Five complete days* previously to the date on which Port CLEARANCE is desired, in order that time may be allowed for the adjustment of Export Cargoes; though it will be issued earlier if practicable.

**NO FEES** are taken for any AFFIDAVITS sworn in this Office on the subject of Custom House Business; nor are any FEES whatever allowed to be taken by any Persons belonging to this Establishment, whether sitting within the Office, or stationed out of doors.

Importers of GUNPOWDER, are requested to refer to the Notification, by order of the Board of Customs, dated the 18th, and published in the Government Gazette of 23d January 1828.

The Proprietors of DOCK YARDS, and the PUBLIC at large, are requested to take notice, that no Goods, nor Packages, are allowed to be IMPORTED, EXPORTED, RE-LANDED, RE-SHIPED, TRANSIPPED, or removed from VESSELS to SLOOPS or BOATS after Shipment, without due sanction from this Office;—whether the same be liable to, or exempt from, DUTY. Attention is directed to Clause Seventh, Section XLV. to Sections LXI. LXIV. LXXIV. LXXXII. LXXXIII. & LXXXIV. of Regulation IX. 1819; and to Section III. of Regulation III. of 1830;—also to Clauses IV. and V. of the Government Notification of 24th June 1827, for Conditions of certain exemptions.—[20th March 1830.]

**GOODS FOR ONE VESSEL taken to ANOTHER**—Notice is hereby given, that if Goods passed through this Office for a specified Vessel, be taken, directly or indirectly, and put on board of any Vessel other than that for which the said Goods have been passed through the Forms of this Office, no Drawbacks, nor Certificates for other Privileges, will be granted. And if such Goods be seized in illegal transit to, or when alongside of, a Vessel other than that for which they have been passed through this Office, they will be liable to eventual confiscation under Section III. Regulation III. of 1830.

If GOODS which have been passed for a specified Vessel, cannot, for whatever reason, be taken on board that Vessel, and are fairly brought back to the Custom House for RE-LAND, and subsequent RE-EXPORT to the same Vessel, or to any other, or for regular Transshipment, every facility will, as usual, be afforded for such transactions.—[26th September 1832.]

**ROWANAHs for GOODS RE-LANDED**.—If Goods are Exported in full of Rowanahs then current; but are Re-landed, and not subsequently Re-exported until after the Rowanahs are time-expired, then such Goods are considered as Fresh Exports, and treated as if they had never been protected by Rowanahs, and Duty is taken if any be leviable on such Goods under the Regulations. But upon request made on the face of Re-land Applications, (not otherwise) parties will be furnished with Certificates giving particulars of Rowanahs; in order that they may be fully aware of the date on which those Rowanahs will become time-expired; and such Certificates will have the force and validity of Rowanahs for any remaining period of the currency of the latter. If Exchange Rowanahs be required, they will be granted on application, with reference to the

Provisions of Sections XXVI. and XXVII. of Regulation IX. of 1819. If Rowanahs shall have become time-expired between the date of Original Export and that of Re-land, then no such Certificates can be granted; and the Goods in question will, if brought for Re-exportation, be treated as Fresh Exports.

If Goods are Exported only in part, and not in full, of the quantities specified in Rowanahs, then those Rowanahs remain in the hands of the Parties concerned; and in the event, consequently, of such portion of Goods being Re-landed, no such Certificates as those above described will be issued.—[24th February 1833.]

**BEHEE ROSS GHAT**.—Notice is hereby given, that for some years past, Behee Ross's Ghat has ceased to be a Tide Water's station, though an Officer is sent thither at a particular season of the year for purposes chiefly relating to certain Articles imported on board NATIVE VESSELS;—and that Parties who may desire to pass Goods at that Ghat will be required, if permission be granted, to pay for an Extra Tide Waiter, as a condition understood and implied in their Applications, upon the principle which is generally applicable to the passing of Goods elsewhere than at the Custom House.—[23d February 1833.]

**MAFFER ROWANAHs**.—All Persons concerned are requested to take notice of the subjoined Orders, as published in the Government Gazette of April 1831, otherwise the delay and inconvenience which may be experienced will rest upon themselves.

Samples of the Goods must be produced at this Office, and the No. and Date of Sea Import Register must be stated if possible. But by Order of the Board of Customs, dated 2d April 1833, to obtain Maffee Rowanahs for Goods of such sorts as are produced in this country, (and then are liable to Transit Duty) as well as Imported by Sea, either Sea Import No. and Date must be given, or whole Despatches must be produced for inspection at the Custom House;—otherwise Transit Duty will be charged.

All applications for MAFFER ROWANAHs, must communicate the following particulars.—1st. The general or common name of each variety, or quality of Goods.—2d. The quantity and value of each description.—3d. The sort of packages in which the Goods are contained, with the marks or directions upon them.—4th. The number of each sort of package.—[9th April 1833.]

**A**LL Public Officers of Government sending Advertisements to the *Calcutta Gazette* for publication, are hereby directed to make them as short as possible, and to specify always how many times the Advertisement shall be repeated.

By Order of the Hon'ble the Vice President in Council,

H. T. PRINSEP, Secy. to the Govt.

FORT WILLIAM,

FINANCIAL DEPARTMENT, THE 27TH OCT. 1834.

NOTICE is hereby given, that from and after the 15th November next, the Board of Trade has been empowered and directed to receive Tenders for advances to be made on Goods and Merchandize consigned to England, covered by Bills of Exchange, to be drawn, payable to the Hon'ble Court of Directors of the East India Company in London, under the conditions and in the forms following:—

1st.—The parties to whom advances may be made shall agree, that the respective Consignments shall be delivered into the Warehouses of the East India Company, or into such other Warehouses as the Court of Directors may appoint, and that they shall be subject to the management of the Court of Directors, so long as the Court shall continue to manage the Goods of individuals.

2d.—Upon each Consignment, the value of which is to be ascertained by the Officers of Government, an advance of 2-3ds of such ascertained value will be made.

3d.—For repayment of the advance, Bills of Exchange are to be drawn in triplicate, at six months sight, at the rate of 2s. 2d. per Calcutta Sicca Rupee.

4th.—The parties will be required to place in the hands of the Board of Trade Bills of Lading of the Consignment and Policies of Insurance effected thereon both in triplicate. The Bills of Lading must be drawn, deliverable to the East India Company, or indorsed in order of the East India Company. The Policies of Insurance must be effected in the name and on behalf of the East India Company as the parties interested.

5th.—In case of default being made, either in acceptance, or payment of the Bills, the Court of Directors are to be authorized in the mode subsequently stated to sell the Goods for the purpose of repaying the Company the amount of the advances made thereon, together with the interest, should any have accrued; the Company, on the other hand, allowing discount when any part of the proceeds shall be realized before the Bills fall due.

6th.—An Agent in England shall be appointed for each Consignment, to whom the Court of Directors shall be empowered to make over the Goods subject to all the conditions agreed upon with the Company, on payment of the Bills, and with whom they shall be authorized to transact generally all business relating to such Goods. The Consignor shall be at liberty to make provision in case of the

party, upon whom the Bill is drawn, (being also the Agent) having failed to accept the Bill, for the substitution of another Agent, or in such case, should the Consignor prefer it, the Agency may be wholly withdrawn, and the settlement of either surplus or deficiency be made with the Consignor himself by the Government from whom he received the advance, at the rates of Exchange, at which the Company may at the time be drawing Bills upon India.

7th.—After the arrival of the Goods in England and when they shall have been placed in such deposit as may have been agreed upon, the Agent may be put into possession of them before the Bills become due, upon the amount of such Bills (less discount) being paid, together with any charges which may be due to the Company thereon.

8th.—The rate of Discount to be allowed by the Company shall not be less than 2s per Cent. per Annum.

9th.—Parties receiving advances are to address in each instance a Letter in quadruplicate to the Court of Directors, according to a form which will be furnished by the Board of Trade, signifying their assent to all the foregoing Conditions, but more particularly for the purpose of expressly authorizing the Sale of the Goods, by the Company (without either notice to or concurrence of any person whatsoever) at any period, after default shall be made either in acceptance or payment of the Bills, also authorizing in such cases the repaying to the Company, the advances made either principal or interest, appointing the Agent in England for each transaction, and signifying the wishes of the parties in the contingency referred to in the Sixth Article.

10th.—Upon the acceptance of any tender of Goods in Security for advances to be made on the above terms, the Goods will be valued by the Export Warehouse-keeper, and for the sum that may be settled as to be advanced thereon, the Board will grant an Order on the General Treasury, payable at 40 days sight.

11th.—The total sum to be advanced on Bills in the present season being limited in amount, the Board of Trade will use their discretion in giving a preference to tenders secured on Goods of a more valuable description, such as Silk and Indigo.

No. 451.

**ORDERS BY THE HON'BLE THE GOVERNOR OF AGRA.**  
**ALLAHABAD,**  
**JUDICIAL AND REVENUE DEPARTMENT.**  
**THE 29TH FEBRUARY, 1836.**

The Hon'ble the Governor has been pleased to make the following Appointments :

Mr. W. B. Jackson re-appointed to Officiate as Additional Judge at Ghazepore.

Mr. W. H. Branson to Officiate as Civil and Session Judge of Jaunpore.

Mr. G. Lindsay Ditto as Additional Judge of Gorakhpore.

C. MACSWEEN, Secy. to the Govt. of Agra.

**NOTICE** is hereby given, that Tenders will be received at this Office at or before Noon, on the 15th of March, 1836, for the delivery of Coal to the Government Steam Vessels, for a term of Three Years, at all or at any of the following places :

In every month throughout the year, *Bazar Maunds.*

At Rajmahal, about.....	1,000
At Colgong.....	500
At Monghyr, .....	700
At Dinapore, .....	1,000

In each month when the Bhagarutty is navigable by the Government Steam Boats,

At Culna, .....	500
At Berhampore.....	1,000

During each month when the Bhagarutty is not navigable by the Government Steam Boats,

At Koolna or Saika Bazar,.....	500
At Commercilly, .....	1,000
At Banlakh .....	500

The above are perhaps the largest supplies that will be wanted at each station, and it is probable that the stated quantities are greater than will really be required. The Government will therefore not be pledged to take more Coal than the boats may have occasion for, but the contracting parties may at all times, obtain the information necessary to guide them in their shipments, by application at this Office.

It may happen however, that from some emergent cause an excess on the specified quantities may be required, in which event four months notice being given, the contracting parties are to extend their supplies if required, 50 per cent. or one-half beyond the quantities already specified.

Should any unforeseen circumstance induce the Government to discontinue the contract, within the specified period of three years, they shall be at liberty to do so, giving six months notice of that effect, and taking over from the contracting parties all the Coal (not exceeding a six months supply, calculated upon the already specified quantities; or in the event of notice having been given to increase the supplies, then calculating on the increased quantities) that may at the expiration of the six months of notice remain in the boats or depots of the contracting parties at the same prices as if the Coal had been actually delivered to the boats, the quantity so remaining to be determined by weight.

On notice being given of discontinuation of contract the Government will call upon the contracting parties to declare what quantity of Coal they have at that time actually in depot or in boats, or in the process of loading, and it shall be optional with Government to require that the contracting parties shall limit their supplies to any depot, to the quantity specified in such declaration to be in depot or under dispatch.

The contracting parties will be required to give approval security for the reimbursement of any sums that may be paid to them in advance, and to bind themselves and their executors in a penalty to be equal in amount to 25 per cent.

on the value of the whole quantity of the Coal they contract to supply, calculated on the prices at which their contract is taken, and on the before specified quantities. They will also be required to bind themselves in a penalty of 500 Rupees not to cause the detention of the boats for their supplies of Coal beyond a reasonable time, or one hour for each hundred maunds of Coal required.

The Coal will be received by weight in Bazar maunds, and will be paid for two-thirds in advance on the supply for twelve months, on the commencement of the Contract, and the adjustment will take place at expiration of each year, on production of certificate of receipt from the Commanders of the boat. The first payment in advance will be calculated on the specified quantities, the second which will be made at the time of the first year's adjustment will be made on that year's supply, and the third on the supply of the second year.

The Tenders are to specify the rate in Company's Rupees for 100 Bazar maunds at which the Coal will be supplied.

The parties whose Tenders may be accepted will be required to take over into their custody by weight all the Coal that may remain in depot at the station or stations for the supply of which they may severally contract, and to re-deliver on board the Steamers as it may be required the same quantity less 4 per cent. Government making an allowance of two annas per maund for every maund so re-delivered, and the contractors making good all deficiency beyond the 4 per cent. allowed for wastage.

The Tenders are to be sent in sealed on or before noon, on the 15th of March, to be superscribed "Tenders for the supply of Coal for Inland Navigation," and to be addressed to the Controller of Government Steam Vessels at this office.

By order of the Marine Board,

J. H. JOHNSTON,

Controller of Govt. Steam Vessels.

## FORT WILLIAM,

FINANCIAL DEPARTMENT, THE 27TH OCT. 1835.

NOTICE is hereby given, that from and after the 15th November next, the Board of Trade has been empowered and directed to receive Tenders for advances to be made on Goods and Merchandise consigned to England, covered by Bills of Exchange, to be drawn payable to the Hon'ble Court of Directors of the East India Company in London, under the conditions and in the forms following:—

1st.—The parties to whom advances may be made shall agree, that the respective Consignments shall be delivered into the Warehouses of the East India Company, or into such other Warehouses as the Court of Directors may appoint, and that they shall be subject to the management of the Court of Directors, so long as the Court shall continue to manage the Goods of individuals.

2d.—Upon each Consignment, the value of which is to be ascertained by the Officers of Government, an advance of 2-3ds of such ascertained value will be made.

3d.—For repayment of the advance, Bills of Exchange are to be drawn in triplicate, at six months sight, at the rate of 2s. 2d. per Calcutta Sicca Rupee.

4th.—The parties will be required to place in the hands of the Board of Trade Bills of Lading of the Consignment and Policies of Insurance effected thereon both in triplicate. The Bills of Lading must be drawn, deliverable to the East India Company, or indorsed to order of the East India Company. The Policies of Insurance must be effected in the name and on behalf of the East India Company as the parties interested.

5th.—In case of default being made, either in acceptance, or payment of the Bills, the Court of Directors are to be authorized in the mode subsequently stated to sell the Goods for the purpose of repaying the Company the amount of the advances made thereon, together with the interest, should any have accrued; the Company, on the other hand, allowing discount when any part of the proceeds shall be realized before the Bills fall due.

6th.—An Agent in England shall be appointed for each Consignment, to whom the Court of Directors shall be empowered to make over the Goods subject to all the conditions agreed upon with the Company, on payment of the Bills, and with whom they shall be authorized to transact generally all business relating to such Goods. The Consignor shall be at liberty to make provision in case of the party, upon whom the Bill is drawn, (being also the Agent) having failed to accept the Bill, for the substitution of another Agent, or in such case, should the Consignor prefer it, the Agency may be wholly withdrawn, and the settlement of either surplus or deficiency be made with the Consignor himself by

the Government from whom he received the advance, at the rates of Exchange, at which the Company may at the time be drawing Bills upon India.

7th.—After the arrival of the Goods in England and when they shall have been placed in such deposit as may have been agreed upon, the Agent may be put into possession of them before the Bills become due, upon the amount of such Bills (less discount) being paid, together with any charges which may be due to the Company thereon.

8th.—The rate of Discount to be allowed by the Company shall not be less than 43 per Cent. per Annum.

9th.—Parties receiving advances are to address in each instance a Letter in quadruplicate to the Court of Directors, according to a form which will be furnished by the Board of Trade, signifying their assent to all the foregoing Conditions, but more particularly for the purpose of expressly authorizing the Sale of the Goods, by the Company (without either notice to or concurrence of any person whomsoever) at any period, after default shall be made either in acceptance or payment of the Bills, also authorizing in such cases the repaying to the Company, the advances made either principal or interest, appointing the Agent in England, for each transaction, and signifying the wishes of the parties in the contingency referred to in the Sixth Article.

10th.—Upon the acceptance of any tender of Goods in Security for advances to be made on the above terms, the Goods will be valued by the Export Warehouse-keeper, and for the sum that may be settled as to be advanced thereon, the Board will grant an Order on the General Treasury, payable at 40 days sight.

11th.—The total sum to be advanced on Bills in the present season being limited in amount, the Board of Trade will use their discretion in giving a preference to tenders secured on Goods of a more valuable description, such as Silk and Indigo.

**DANGERS OFF THE S. WESTERN COASTS OF

COMMUNICATED BY SIR JAMES STIRLING, R. N.

*Maud's Reef*, off King George's Sound, about a quarter of a mile in diameter, centre in Lat. 35° 13' S. Lon. 117° 57' ½ E. On Flinder's Chart, according to the following bearings of the Land :

From Bald Head, extremity . . . S. W. b. S. by Compass.  
" Eclipse Island, summit . . . E. S. E. "  
" Peak Head, summit . . . S. ½ E. "  
" Vancouver's Reef, . . . S. S. W. ½ W. "

Soundings in 45 fathoms shelly sand, stones and coral, ½ miles to E. S. E. from Maud's Reef.  
" 44 fathoms, coarse sand and shells, ¾ miles, S. E. b. S. from ditto.  
" 47 fathoms coarse speckled sand with coral, ¾ miles S. b. E. ½ E. from ditto.

Apparently 3 or 4 fathoms on the shoalest part in low water, as the sea breaks upon it only at times, when the water is low, and a heavy sea running.

*Coventry Reef*, off Cape Peron, bears from the N. W. extremity of Cape Peron S. W. ½ S. (magnetic) distant about ½ miles. It is small, and nearly awash, with apparently 7 to 10 fathoms all round.

From Sandown, on Garden Island, (some remarkable white Sand Hills, about ¾ miles from its South end) Coventry Reef bears S. 16° ½ W. (magnetic) distant ½ miles.

*Camarine Shoal*, ¾ miles W. ½ N. (magnetic) from N. W. Point of Garden Island, has 6 or 7 feet water on its shoalest part. It is situated on the Five Fathom bank Westward of Garden Island, and has 10 fathoms water ½ of a mile to the Eastward and ¾ a mile to the Westward of it.

*Seaward Reef*, with 6 or 7 feet water upon it, is a small patch of Rocks on the Five Fathom bank above referred to, and is situated 8½ miles W. ½ N. by Compass, from the North end of Carnac Island, or in a line between the S. W. end of Rottnest and the Haycock on Garden Island, and in a line with Rowboat Rock and Arthur's Head at the entrance of the Swan River.

Half a mile E. N. E. from Seaward Reef is a shoal rocky patch of 2 fathoms, with 6 and 7 fathoms water between it and the Reef.

*The Rambler*, (off Cape Leeuwin) reported to be a small cluster of rocks even with the water's edge, lying 12 or 15 miles W. S. W. by Compass from the remarkable white sand patch on the Coast 6 or 7 miles to the Northward of the S. W. extremity of Cape Leeuwin.

*Note*.—Experience having more recently shewn that no reef exists in the position pointed out, the Rambler is probably the same as the Geographe.

*Geographe Reef*, off Cape Leeuwin, bears S. 27° W by Compass from the body of the remarkable sand patch on the Coast to the Northward of Cape Leeuwin.—N. 68° W. by Compass, from the largest St. Alouam Island, and N. 67° W. by Compass from a small dark coloured rock with a peaked summit. Geographe Reef appears to be about 6 miles off the nearest land, and has 20 to 24 fathoms water at the distance of one sixth of a mile from its S. W., West and N. W. sides. Other reefs, partly dry, occupy a considerable portion of the space between it and the main; but the Channels amongst them are probably foul and rocky. When the Schooner *Ellen* passed close to the Reef on the 23d February 1835, the sea broke upon it only occasionally, when it appeared to be about ½ a mile in extent N. N. W. and S. S. E. and 200 yards wide, the sea was very little discoloured in its vicinity, and when not agitated would prevent the danger being seen at less than a cable's length.

There may probably be less than 2 fathoms on some of its most elevated rocks.

*Pollock's Reef*, (off the Recherche Archipelago) bears S. ½ W. by Compass, distant 14 miles from the S. E. Island of the Archipelago of Recherche. Lat by Flinder's Chart 34° 35' S. Lon. 123° 21' E.

Seen by the Barque *Merope*, Captain Pollock, in March, 1834, and supposed to extend 8 or 10 miles Eastward from the above position, but as the wind was blowing fresh from the Westward at the time, and it broke only in one place, the remainder was probably its wake or stream.

*Anchorage in Flinder's Bay* round the E. side of Cape Leeuwin. Best anchorage for Ships appears to be in about 7 fathoms, stiff brown clay with the Flagstaff on Barrack Point, W. ½ N St. Alouam Island, S. ½ E. and extreme of the Main Land S. W. ½ S. anchorage of H. M. Sulphur.

*Naturaliste Reef*, off Cape Naturaliste and Geographe Bay, appears to be accurately placed on the French Chart 16 or 17 miles N. b. E. by Compass from the extremity of Cape Naturaliste.

When seen from H. M. S. *Sulphur* on 31st October 1831, its West end bore S. 10° W. (magnetic) when in a line with the highest land over Cape Naturaliste, and the Ship's head was W. b. N. It consists of 3 patches of rocks extending about 1½ mile N. E. b. E. and S. W. b. W. with passages between them. Thirteen fathoms water at 1 mile North from the Reef—swell not very great at the time, and not constantly breaking. Captain Hudson of the Ship *Orelia*, saw this reef in 1830, and set it in a line with the extremity of Cape Naturaliste bearing N. b. W. by Compass; from which he considered it was distant 16 to 17 miles.

NOTICE is hereby given, that Tenders will be received  
at this Office at or before Noon, on the 15th of  
March, 1836, for the delivery of Coal to the Government  
Steam Vessels, for a term of Three Years, at all or at any  
of the following places:

In every month throughout the year, Bazar	Mounds.
At Rajmahal, about	1,000
At Colgong,	500
At Monghyr,	700
At Dinapore,	1,000

In each month when the Bhagarutty is navigable by the  
Government Steam Boats,

At Culna,	500
At Berhampore,	1,000

During each month when the Bhagarutty is not navigable  
by the Government Steam Boats,

At Koolna or Hainka Bazar,	500
At Commercilly,	1,000
At Baulsah,	500

The above are perhaps the largest supplies that will be  
wanted at each Station, and it is probable that the stated  
quantities are greater than will really be required. The  
Government will therefore not be pledged to take more  
Coal than the boats may have occasion for, but the con-  
tracting parties may at all times, obtain the information  
necessary to guide them in their shipments, by application  
at this Office.

It may happen however, that from some emergent cause  
an excess on the specified quantities may be required, in  
which event four months notice being given, the contracting  
parties are to extend their supplies if required, 50 per cent.  
or one-half beyond the quantities already specified.

Should any unforeseen circumstance induce the Govern-  
ment to discontinue the contract, within the specified period  
of three years, they shall be at liberty to do so, giving six  
months notice to that effect, and taking over from the con-  
tracting parties all the Coal (not exceeding a six months  
supply, calculated upon the already specified quantities; or  
in the event of notice having been given to increase the  
supplies, then calculating on the increased quantities) that  
may at the expiration of the six months of notice remain in  
the boats or depots of the contracting parties at the same  
prices as if the Coal had been actually delivered to the boats,  
the quantity so remaining to be determined by weight.

On notice being given of discontinuation of contract the  
Government will call upon the contracting parties to de-  
clare what quantity of Coal they have at that time actually  
in depot or in boats, or in the process of loading, and it  
shall be optional with Government to require that the  
contracting parties shall limit their supplies to any depot,  
to the quantity specified in such declaration to be in depot  
or under dispatch.

The contracting parties will be required to give approved  
security for the reimbursement of any sum that may be  
paid to them in advance, and to bind themselves and their  
sureties in a penalty to be equal in amount to 25 per cent.  
on the value of the whole quantity of the Coal they contract  
to supply, calculated on the prices at which their contract is  
taken, and on the before specified quantities. They will also  
be required to bind themselves in a penalty of 500 Rupees  
not to cause the detention of the boats for their supplies of  
Coal beyond a reasonable time, or one hour for each  
hundred mounds of Coal required.

The Coal will be received by weight in Bazar mounds, and  
will be paid for two-thirds in advance on the supply for twelve  
months, on the commencement of the Contract, and the  
adjustment will take place at expiration of each year, on  
production of certificate of receipt from the Commandery  
of the boat. The first payment in advance will be calcu-  
lated on the specified quantities, the second which will be  
made at the time of the first year's adjustment will be made  
on that year's supply, and the third on the supply of the  
second year.

The Tenders are to specify the rate in Company's Rupees  
for 100 Bazar mounds at which the Coal will be supplied.

The parties whose Tenders may be accepted will be re-  
quired to take over into their custody by weight all the  
Coal that may remain in depot at the station or stations  
for the supply of which they may severally contract, and  
to re-deliver on board the Steamers as it may be required  
the same quantity less 4 per cent. Government making an  
allowance of two annas per mound for every mound so  
re-delivered, and the contractors making good all deficiency  
beyond the 4 per cent. allowed for wastage.

The Tenders are to be sent in sealed on or before noon,  
on the 15th of March, to be superscribed "Tenders for the  
supply of Coal for Inland Navigation," and to be addressed  
to the Controller of Government Steam Vessels at this Office.  
By order of the Marine Board,

J. H. JOHNSON,

Controller of Govt. Steam Vessels.

Marine Board Office, Feb. 10, 1836.
